

Breast Surgery Physician UPMC ALTOONA Regional Health Services

About Our Health System

UPMC Altoona (part of the University of Pittsburgh Medical Center hospital network) is a 400-bed regional health care system providing care to residents of a six-county service area in central Pennsylvania. UPMC Altoona is a level II trauma center, regional oncology center, and a JCAHO-certified stroke center. UPMC Altoona provides comprehensive cardiology and cardiovascular surgery, behavioral health and a vascular and wound care center. The Health System's medical staff is comprised of approximately 400 primary care physicians and specialists.

About The UPMC Altoona Breast Health Center

The UPMC Altoona Breast Health Center is a comprehensive breast health center providing services to patients referred by 70+ primary care physicians in the community and those who self-referral from throughout our region. The Practice medical office offers consultation, imaging studies, clinical breast exams and minimally invasive breast biopsies. UPMC Altoona offers breast tomosynthesis and the services of board-certified, fellowship trained diagnostic radiologists and an oncology nurse navigator – in place to assist newly diagnosed patients to understand their diagnosis, determine steps for care and appropriately schedule that care.
