

About Our Health System

UPMC Altoona (part of the University of Pittsburgh Medical Center hospital network) is a 400-bed regional health care system providing care to residents of a six-county service area in central Pennsylvania. UPMC Altoona is a level II trauma center, regional oncology center, and a JCAHO-certified stroke center. UPMC Altoona provides comprehensive cardiology and cardiovascular surgery, behavioral health and a vascular and wound care center. The Health System's medical staff is comprised of approximately 400 primary care physicians and specialists.

About The UPMC Altoona Elite Orthopaedics

UPMC Altoona Elite Orthopaedics is a full service orthopaedics practice providing services to patients referred from 70+ primary care physicians in the community and from the Hospital's emergency and trauma departments. The Practice medical office, which includes in-office imaging and an EMR, recently relocated to a newly constructed 90,000 square foot medical office complex. Current orthopaedic surgeons include an orthopaedic spine/total hip surgeon, an orthopaedic trauma surgeon, a total joints specialist and a sports medicine specialist. The practice is currently hiring for a generalist as well as a hand & upper extremity surgeon, both to step into established practices. A 7th fellowship trained foot and ankle surgeon will be joining the practice in 2018.

About The Opportunity

- Seeking BC/BE surgeon to step into fully established general orthopaedic practice with high volume patient base
- Competitive Compensation Package
- Comprehensive Benefits Package includes health, dental, vision insurance; pension, generous CME allowance

About Our Community

The Altoona/Blair County/Central Pennsylvania region is a family-oriented community with excellent school systems, abundant cultural amenities, easy access to larger, neighboring cities, and unlimited outdoor and recreational opportunities.
